Maximum hydropathy
Within-class probability per bin
KD index (w = 5)
protein_class
Positive
Negative
Mean hydropathy profile
Within-class probability per bin
KD index (w = 5)
protein_class
Positive
Negative
Mean alpha-helix propensity
Within-class probability per bin
Propensity index (w = 5)
protein_class
Positive
Negative
Maximum alpha-helix propensity
Within-class probability per bin
Propensity index (w = 5)
protein_class
Positive
Negative
Mean transmembrane tendency
Within-class probability per bin
TM-tendency index (w = 19)
protein_class
Positive
Negative
Maximum transmembrane tendency
Within-class probability per bin
TM-tendency index (w = 19)
protein_class
Positive
Negative
